### Proposed Amendment No. 1

Proposing to amend Article VII, Section 10.2(E)(1) of the Constitution of Louisiana, relative to federal proceeds from alternative energy production on the Outer Continental Shelf; to provide for the disposition of revenues; to provide for submission of the proposed amendment to the electors; and to provide for related matters.

Do you support an amendment to require that federal revenues received by the state generated from Outer Continental Shelf alternative or renewable energy production be deposited into the Coastal Protection and Restoration Fund? (Amends Article VII, Section 10.2(E)(1))

Yes  No

#### Act 408 (2024 Regular Session)

**Present Constitution** provides for the manner in which the state treasurer makes required annual deposits into the Coastal Protection and Restoration Fund from federal revenues received by the state from Outer Continental Shelf oil and gas activity.

**Proposed Constitutional Amendment** retains present constitutional language and adds other federal revenue sources received by the state, including, but not limited to: wind energy; solar energy; tidal energy; wave energy; geothermal energy; and other alternative or renewable energy production or sources.

**A "yes" vote means:** Would allow federal revenues received by the state and generated from Outer Continental Shelf alternative or renewable energy production to be deposited into the Coastal Protection and Restoration Fund.

**A "no" vote means:** Would maintain the current system, where only oil and gas revenues contribute to the coastal protection efforts, without including potential new revenue from renewable energy sources.

### Parishwide Proposition

Shall the Jefferson Parish Charter be amended to include within the unclassified service any at-will employees hired to work directly in the office of the Parish President or a Parish Council member, by adding Section 4.03(A)(8) to the Jefferson Parish Charter to read as stated in Section 1 of Jefferson Parish Ordinance No. 26767, adopted on April 17, 2024?

Yes  No

**A "yes" vote means:** You support amending the Jefferson Parish Charter to include certain employees of the Parish President or Parish Council members in the **unclassified service**. **Unclassified service** means these employees would be considered "at-will" employees, meaning they could be hired or dismissed at the discretion of their employer without the protections or requirements of the classified civil service system (which typically provides job security and protections like merit-based hiring and dismissal). A "yes" vote would give the Parish President and Parish Council members more flexibility in hiring and firing their direct staff

**A "no" vote means:** You do not support amending the charter. This would maintain the current system, where these employees may remain in the **classified service**, providing them with certain employment protections under the civil service rules. A "no" vote would maintain the current protections for those employees under civil service rules.

**President of the United States**

- Kamala Harris/Tim Walz, Democrat
- Jill Stein/Ajamu Baraka Green
- Chase Oliver/Mike ter Maat, Libertarian
